

Warsaw, 18 April 2016

Department of Immunology
Medical University of Warsaw
ul. Banacha 1a, 02-097 Warsaw

Dear Sir or Madam,

On behalf of the members of the **STREAM project (Strategies towards Excellence in Immuno-Oncology)** I would like to cordially invite young researchers (students, PhD students and postdoctoral scholars) from your university to take part in the International Immuno-Oncology Summer School, which will take place on June 27-28 in Warsaw.

The aim of the scientific workshops organized in the framework of the STREAM project is to strengthen collaboration between the best European research centers, which professionally combine scientific expertise and innovative approach towards immuno-oncology. The International Summer School is an excellent opportunity for scientists from all over Europe **to present results of their research and broaden their knowledge.**

During the first day of the Summer School, participants will have the opportunity to present results of their research to date. During the recruitment process we will take into consideration topic of the presentation, short description of the research project, as well as CV. The organizer will cover the accommodation costs of best 20 candidates.

The applicants are requested to complete the submission form available on our website www.stream.wum.edu.pl in English. Should any questions arise, please do not hesitate to contact directly the organizers – Dr Magdalena Winiarska (research issues, recruitment process) magdalena.winiarska@wum.edu.pl and Ms. Karolina Koziejowska (organizational issues) karolina.koziejowska@wum.edu.pl. I would be very grateful if you could disseminate this information in your local research community, including students and PhD students.

With kind regards,

Prof. Jakub Gołęb

STREAM Project Coordinator
