EFAS APD Working Group

A lively practical session set in a question and answer mode with feedback from experts in France, Germany, Greece, Malta and the United Kingdom. The main aim is to provide insights on how to best handle an unexpected cut of diagnosis and management for people with communication and learning issues as well as offer updates on neuropsychiatric aspects of hearing.

Panelists: Prof Doris-Eva BAMIOU, Prof Helen GRECH, Prof Vasiliki Maria ILIADOU, Prof Martin PTOK, Prof Hung THAI-VAN

Why do we need to evaluate auditory processing?

How did the COVID-19 pandemic affect hearing evaluation? Special focus on auditory processing.

Is speech in noise/babble evaluation feasible through the platforms available for remote meetings?

How is dichotic digits testing possible remotely? A zoom paradigm

Adult vs children diagnosis and management assisted through remote technological tools.

Cutting edge updates on Auditory Processing Disorder.

Vasiliki-Maria Iliadou is inviting you to a scheduled Zoom meeting.
