

## Invitation Letter

Dear Nikos Papaioannou,

On behalf of the Organizing Committee and School of Biotechnology and Cryogenic Systems of ITMO University I'm pleased to invite you, your colleagues, scientists, PhD students and students to the Food BioTech Conference 2021, 23-25 August, St. Petersburg, Russia. Leading scientists, specialists in the field of food biotechnology, nutrition, ecology, etc., employees of scientific and research organizations, postgraduates and undergraduates, as well as representatives of public organizations are invited to participate in the Conference. We are very pleased that the world-renowned scientists such as Professor Da-Wen Sun, Professor Chin-Kun Wang, Professor Marco Dalla Rosa, Professor Denis Baranenko, Professor Pedro A. García Encina have already confirmed their participation and will make reports at the plenary session of the Food BioTech Conference 2021.

∅ Conference topics:

- Biotechnology, Food and Nutrition
- Functional Foods and Preventive Medicine
- Food Quality, Safety and Society
- Food Processing and Process Control
- Sustainable Consumption and Production

∅ The conference language: English

∅ Format of the conference: offline (planning) and online

I believe that together we will make the Conference a truly international event with much fruitful collaboration. I'm looking forward to seeing you at the Conference.

Director of School of Biotechnology  
and Cryogenic Systems, ITMO University  
Head of the Organizing Committee  
Food BioTech 2021

Prof. Igor Baranov
